About Me

Seeking job role as a UI Developer. Have a skills in building Responsive websites, single Page Application. Also flexible to learn new technologies. Looking for opportunities to start my career as a Developer.

Experience

2020 - 2020

Yozy Technology LLP at Trichy. | Freelancers

I have been working on yozy technology as a free launcher. Here I have developed many websites like the Timesheet project for the company.

I have also developed the Dashboard single page application, social media page as a free Lancer.

2016 - 2020

Education

Anna University, Trichy. | Bachelor Of Engineering

Academic Project :

Developed a single page application by using react Native and JavaScript that handle both iOS and Android OS.

The performance of the framework increased due to no need to convert according to the OS such as GPU frequency, CPU load, memory, usage and power consumption.

Interest

Meditation, Reading Books,
Design

Others

Health Fitness, Music ,
Travelling

2016 - 2020

**Little Flower | Higher Secondary
School,Kumbakonam**

2014 - 2016

Little Flower | SSLC

Projects

2020 - 2020

Yozy Technology LLP,Trichy | Freelancer

I have Developed Responsive Portfolio Blog.It contains all my details.you can easily download my CV.

I have developed a food ordering application in which you can easily order food online.

By looking at the types of popular dishes on this website, you can order and eat onlineAnd you can see what special products are available today
You can also see how the customer's review's.

I have developed the Dashboard single page application. In this application you can see how many members are working in a company, how many projects are going on in that company and how much is the company's annual income.
